

Based on much rider feedback from the 2019 season, the CRC (Class Review Committee) has decided to go back to the Vet lineup of 2018 and earlier years.

To do this in the best way possible, the CRC weighed racer skill, ability and speed over the latter part of the 2019 season to come up with the list below. We understand that there are a few shuffles outside of the ordinary, but this complete analysis and redistribution will hopefully allow racers and classes to be better aligned. We hope this will make for some good close racing for 2020.

Anyone that has questions about why they were put in a specific class or would like to change to another class, please feel free to email us so we can discuss your situation before the season starts.

As always, we will be watching the races closely and make any necessary adjustments as we go. Anyone we may have missed, kindly accept our apologies and please email us as soon as possible so we can amend you to the list.

Regards,

The Class Review Committee,  
Brad Kelly  
Mike Liberty  
Doug Fair  
Matt Osterroth  
Mike Humphrey

The Class Review Committee is a volunteer group of experienced riders committed to ensuring safe, fair and competitive racing in all classes. Rider promotion will be based on independent member review of riders and group consensus on which riders and how many will be moved up or down a class at year end.

#### **Vet Class Guide**

#### **\*NOTES\***

Riders are not allowed to ride up or down as a second class

A rider may only ride an age appropriate age class after their birthday. No points will be moved/added to their new class if transferring mid-season.

A class promotion may also occur during the season if circumstances demand it.

If a rider wishes to change their primary class up or down, they may write an appeal to the class review committee for consideration. The appeal should include reasoning for the request that the CRC can base their decision on.
